CORNERSTONE *Employee Giving*

Your
gift
matters.

As a Cornerstone employee donor, you create a base of vital support for Valley View.

Your generosity inspires giving from across our entire community. **Employees make this all happen, thank you!**

Where can employees make a difference?

Silver Lining Fund: Assist your colleagues who are experiencing a temporary financial hardship due to a medical or family crisis through the Silver Lining Fund.

Advanced Technology Support: Donations supporting the Advanced Technology Initiative help purchase critical technology and equipment identified by Valley View care teams that advance patient care, ranging from a portable life support system to provide advanced therapy for critically ill patients, a skin therapy device that offers a non-invasive treatment option for skin cancers without scarring, sophisticated monitors to improve care for new mothers and their babies and more.

Cancer Patient Support: Support patients of the Calaway-Young Cancer Center. Donations fund emergency assistance, overnight stays for those in need, integrated therapies, support groups, and more for Valley View cancer patients.

Valley View Grants: Departments throughout Valley View have the opportunity to apply for Internal Funding grants up to \$10,000 to support innovative projects improving patient care.

Unrestricted Support: Your gift enables Valley View to meet the health needs of our community and network of care in real time. Your unrestricted support uplifts Valley View in offering flexible, responsive care to our patients across the Roaring Fork Valley and beyond.

Your Giving. Your Impact.

I am eternally grateful for this amazing program! The Silver Lining Fund helped me and my family during some hard times. I hope this program continues for years to come to help other families in need.

We make the difference

Valley View employees are amazing! Not only are they dedicated to excellence in their work each and every day, in 2025, Valley View employees chose to donate more than \$62,000 to support our patients and our colleagues. **Employee donors are truly the heart of Valley View—thank you for all you do!**

"I choose to give as a Cornerstone Employee Donor because I believe in the power of independent health care and the collective impact of community generosity. When I hear the word 'philanthropist,' I used to picture someone older, well-established, with significant resources. I've since come to realize that philanthropy isn't about age or wealth—it's

about intention. By contributing a small portion of each paycheck, I'm able to experience the joy of giving while standing alongside a community of others doing the same. Since moving here in 2008, Valley View has provided exceptional care for me and my family time and time again. Supporting this organization feels like a natural and meaningful way to give back."
