#### I. Overview

House Bill (HB) 23-1243, Hospital Community Benefit, expands on the previous legislation of HB 19-1320 by including changes to hospitals' Community Benefit activity requirements and imposes certain requirements on public meetings regarding hospitals' Community Health Needs Assessments (CHNA) and Community Benefit Implementation Plans (CHIP). HB 23-1243 still requires non-profit tax-exempt hospitals to complete a CHNA every three years and a CHIP every year (footnote 1). Each reporting hospital is required to convene a public meeting at least once a year to seek feedback regarding the hospital's Community Benefit activities. These hospitals are required to submit a report to the Department of Health Care Policy & Financing (HCPF) that includes but not limited to the following:

- \* Information on the public meeting held within the year
- \* The most recent Community Health Needs Assessment
- \* The most recent Community Benefit Implementation Plan
- \* The most recent submitted IRS form 990 including Schedule H
- \* A description of investments included in Schedule H
- \* Expenses included on form 990

## V. Additional Investments

Please provide any additional information you feel is relevant to the items being reported on. This could include investments that are non-reportable to the IRS in form 990, but still work towards a community-identified health need. If you are including non-reportable IRS investments within this section provide the program, investment dollar amount, the community-identified health need assocaited with this investment, and the HCBA category most aligned with this program (e.g. Social Determinants of Health, Behavioral Health, Community Based Health Care, etc.)

This is an optional sheet that hospitals may fill out and utilize as a means to submit a pro-forma Schedule H to the Department for those that are required to submit pro-forma items. NOTE: If a hospital chooses to prepare a separate Schedule H for submission, this sheet is not required.

Instructions: fill out columns A through D of the table with the appropriate information for Parts I and II. Total lines will sum the inputs. Column E will auto-calculate based on inputs from columns C and D. Column F will auto-calculate based on values from column E and Total Expenses (Line 18 of Section 1 of the 990) reported on tab TV. Investments & Expenses'.

For Part III, utilize the "amount" column for any lines requiring a dollar value an the "yes" and "no" columns for any lines requiring a yes or no response. Simply type in the letter "x" within the "yes" and "no" columns to indicate the hospitals response.
