

Thank you!

Your
gift
matters.

Donations ensure patients of the Calaway•Young Cancer Center can benefit from no-cost services and resources during their treatment.

From emergency assistance to integrated therapies and support groups, we are grateful to the donors who make this level of caring for our patients possible.

VVH.org/Foundation

Help Cancer patients in our community.

In 2025, generous donors in our community made a difference for cancer patients:

Donor contributions allowed the Foundation to support over **\$270,000** in services that complement clinical treatments and advance the healing journey

786 nights of lodging made available for cancer patients in need to ensure that accommodation needs aren't an obstacle to receiving treatment

496 grocery cards distributed to cancer patients in need so that they don't have to choose between basic necessities like food and their care

385 gas cards distributed to cancer patients in need to ease the burden of transportation during their treatment

1,976 hours of massage and acupuncture services made available to cancer patients to alleviate some of the most challenging symptoms of the disease

"Staff members here, from doctors down to every other employee, have the friendliest and most compassionate ways of interacting. Cancer patients feel anxious, afraid, and leery of all the technology. Every time those emotions crossed my face, staff responded appropriately - with cheerful chatter, humor, a caring touch, concern and caring. The degree of comfort CYCC staff provided exceeded all my expectations."

– Patient of Calaway•Young Center at Valley View
