

CORNERSTONE *Employee Giving*

Your
gift
matters.

As a Cornerstone employee donor, you create a base of vital support for Valley View.

Your generosity inspires giving from across our entire community. **Employees make this all happen, thank you!**

VVH.org/Foundation

Where employees can make a difference?

Cancer Care

Donations fund integrated therapies, acupuncture, emergency assistance, support groups and overnight stay for Valley View cancer patients.

Internal Funding

Departments throughout valley view can apply for grants up to \$10,000 to support innovative projects that improve patient care.

Employee Emergency Assistance

The Silver Lining fund offers assistance to our colleagues who are experiencing a temporary financial hardship due to a medical or family crisis.

Nursing Support

Donations to support Valley View nurses help provide additional training, education and scholarships.

What's your passion?

Employees also support heart care, the Kids & Teens Safety Fair, palliative care, and more!

Your Giving. Your Impact.

“The Valley View Silver Lining

program provided the resources to cover my travel and the cost of the apartment. I never asked for this benefit, but it made all the difference in allowing me to focus on my family member and his treatment.

I cannot begin to tell you how much I appreciate the support of Valley View Hospital and its employees. I am proud to be part of this fantastic team, and happy for the opportunity to help support others in need. Thank you!”

– Silver Lining recipient

Other • \$8,971

Why we give...

Valley View employees are amazing!

“I give to the foundation because living in a rural community, VVH offers a wide array of services that are not usually typical in a community this size. The medical advances that VVH offers and continues to expand amazes me and

I’m honored to be a part of it, both as a staff member and a contributor to the foundation. The foundation touches so many people’s lives and I am proud to be a part of it.”

– Aubrey Glenn, NPR Sim Coordinator, RN BSN

“I think it is of the most importance to continue our education in our fields in order to properly and fully care for our patients. I am happy to contribute so that this may happen on a wider scale, as well

as possibly more accessible among the employees.”

– Linda Geiss, PT
