

CORNERSTONE *Employee Giving*

Your
gift
matters.

As a Cornerstone employee donor, you create a base of vital support for Valley View.

Your generosity inspires giving from across our entire community. **Employees make this all happen, thank you!**

Where can employees make a difference?

1

Employee Emergency Assistance

Assist your colleagues who are experiencing a temporary financial hardship due to a medical or family crisis through the Silver Lining Fund.

2

Spine Patient Support

Donations support the purchase of a state-of-the-art Medtronic spine surgery navigation system, enabling the implementation of minimally invasive procedures that allow patients to benefit from drastically improved surgery outcomes and recovery times – from days to hours.

3

Cancer Patient Support

Support patients of the Calaway Young Cancer Center. Donations fund emergency assistance, overnight stays for those in need, integrated therapies, support groups, and more for Valley View cancer patients.

4

Valley View Grants

Departments throughout Valley View have the opportunity to apply for Internal Funding grants up to \$10,000 to support innovative projects improving patient care.

Your Giving. Your Impact.

“The Valley View Silver Lining program provided the resources to cover my travel and the cost of the apartment. I never asked for this benefit, but it made all the difference in allowing me to focus on my family member and his treatment.

I cannot begin to tell you how much I appreciate the support of Valley View Hospital and its employees. I am proud to be part of this fantastic team, and happy for the opportunity to help support others in need. Thank you!”

We make the difference

Valley View employees are amazing!

Not only are they dedicated to excellence in their work each and every day, they chose to donate more than \$50,000 in 2022. This combined giving directly impacts both patients and our colleagues. **You are truly the heart of Valley View – Thank you!**

“I choose to donate to Valley View Hospital because when I went through orientation, it was apparent their values and passions aligned with my own. As I’ve continued working here, I have realized these donations allow Valley View to treat its patients and staff, not as monetary assets, but as members of the community. Since Valley View is an independently financed hospital, donations allow them to uphold these ideals

and focus on the patient’s well-being.”
