

Connecting Philanthropists with Physicians *State-of-the-Art Imaging Technology for Urology Care*

After a transformational patient experience at Valley View, philanthropists Gregory and Judith Friedman sought a way to give back that would ultimately help better serve the healthcare needs of our community.

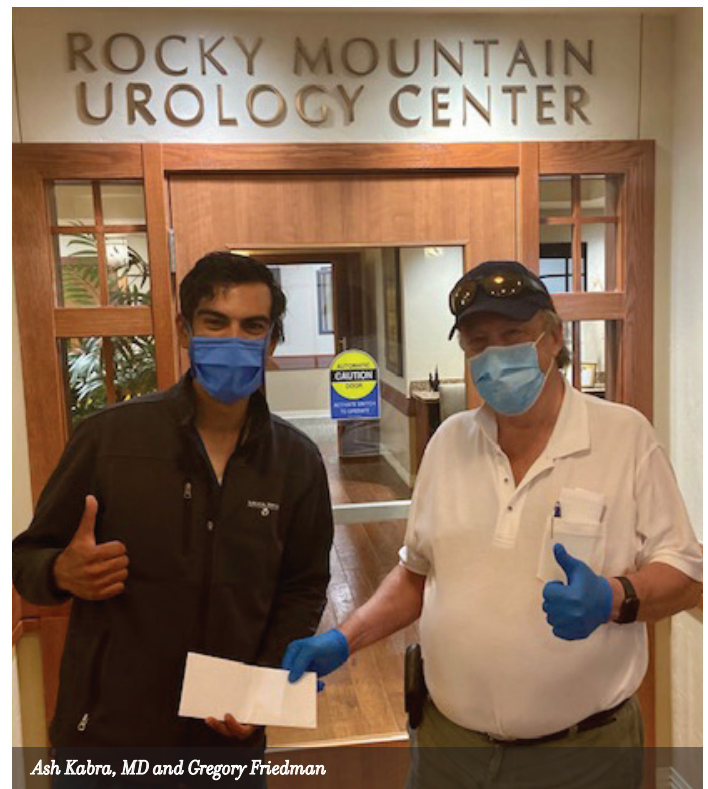

In 2015, Gregory Friedman was diagnosed with prostate cancer and in 2017 it was determined that the best course of treatment would be HDR Brachytherapy. At the time, Valley View did not have the capability to do HDR, nor did they have an MRI/ Ultrasound Fusion Biopsy machine (this machine enables precise biopsy of suspected lesions). Gregory's urologist, Brian Murphy, MD (now Valley View CEO) recommended he seek treatment away from home at a facility with more resources.

Since 2017, there have been extraordinary advancements at Valley View, including the capability to perform HDR Brachytherapy. However, Valley View still did not have the critical Fusion Biopsy machine. Gregory and Judith saw an opportunity to help bring this state-of-the-art technology to our community.

Now in the care of urologist Ash Kabra, MD, Gregory began discussions regarding ways to help patients, especially those with prostate concerns. Combining Dr. Kabra's medical insight, Gregory's knowledge of information technology and a major gift of more than \$150,000, Gregory and Judith secured state-of-the-art imaging technology for Valley View, as well as the processing power to handle it.

"I am thrilled to finally say that we successfully launched our UroNav MRI/US Fusion Prostate Biopsy program here at Valley View! The fusion techniques

and precision are just an absolute game changer. Our patients all had a 'WOW' on their face when we showed them the images of their own biopsy,"
Dr. Kabra.

Ash Kabra, MD and Gregory Friedman

This type of physician and philanthropist partnership directly improves patient care at Valley View, and they are personally and professionally rewarding for the physician, philanthropist and ultimately our community.

If you would like to learn more about how you can directly partner with a Valley View physician to help them better care for their patients, please contact John.Quinn@vvh.org.

Letter from Patti Miely

Valley View Foundation President

Embracing the Light!

Embracing the light is different for each of us. The light of a new day, the light of spring, the light that we all are hoping for as COVID-19 vaccines roll out to the world and we see the light of health shining through.

Watching Valley View staff and volunteers work every week to ensure our community is vaccinated has been one of my greatest joys this late winter/early spring. There is no limit to what our hospital is capable of with such a dedicated staff. Thousands of vaccines have been administered and every staff member that I have had the privilege of working with has a smile on their face and a kind word to every community member that comes in for a vaccine.

As we continue to embrace a guarded comfort regarding COVID-19, I want to thank not only Valley View staff and community volunteers, but all of our generous donors. Our donors have made a challenging 2020 turn into a promise for the future of Valley View.

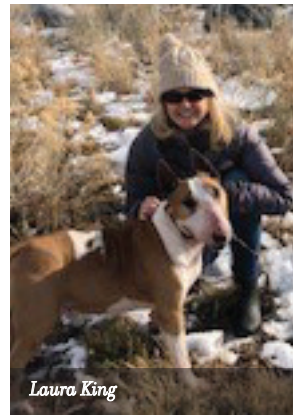

Thank you to all who are part of the Valley View family of donors. We so appreciate your continuous philanthropic support, your time, and your energy. It takes a village to keep our community hospital bringing us the excellent care that Valley View offers.

Thank you and let your *light* shine every day!

Patti Miely, President
Valley View Foundation Board of Directors

Cornerstone Employee Giving Spotlight

Each day, Valley View employees go above and beyond to serve our patients. Many choose to give back outside their day-to-day tasks by making a donation or volunteering.

"I give to the Valley View Foundation because I love Valley View! I am grateful to be an employee and a patient. And, I feel taken care of as both an employee and a patient. I want to give back to this organization that has given so much to me." - Laura King, Patient Access Manager, and donor.

"When I was in college, I was very active in a community service organization. I have never forgotten how good I felt giving back to our community. We raised money and donated to local food banks and shelters. It just felt good to be a part of such a great organization.

However, after college, life seemed to get in the way. Work and family obligations always dominated my time but never dampened the desire to help others. I had been looking for ways to 'give back' the last few years. God has truly blessed me throughout my life and donating to the Foundation is just a small way I can give back to this great hospital and the community we serve."

- Dave Turner, RN Hybrid Cath Lab, and donor

What will *your* legacy be?

The legacy society is a group of individuals and families who have made a future gift to Valley View as part of their will or estate planning.

"In the past few years, I have seen all that is involved in the caring for individuals at Valley View. I have always appreciated those who work at hospitals. But only until my husband, John Buxman, had health issues that increased over the years, did I see firsthand a greater picture. During this time, I came to lean on caregivers, nurses, and doctors as my husband was cared for in the most compassionate setting.

My grateful appreciation goes out to all in the medical profession not only at Valley View, but throughout the country and the world. I believe if I can honor my husband in any way, it is to give honor to those who dedicate their lives to all of us.

The legacy commitment I make is in honor of my husband, John Buxman, for those who dedicate their lives to us. Because of compassionate, kind, and professional actions of those at Valley View, my husband and I had a quality of life I am grateful for. We were able to be with each other for as long as God's plans allowed. I cannot do what those trained at Valley View do each day, but I can help in other ways. In my humble appreciation, I chose to become a Legacy Society member.

Thank you for all for what you do. Your commitment, your devotion and your kindness are appreciated beyond words."

Patty and Forever John Buxman

Letter from Brian Murphy, MD

Valley View CEO

Caring for you and your family, one patient at a time.

On behalf of Valley View, it is with a grateful heart that I extend my deepest thanks for your continued support and generosity.

As we know, 2020 was an extraordinary year – the challenges surrounding COVID-19 were and continue to be something new to us all. With that said, the generosity and collaboration of our community supported us in providing comprehensive care to COVID-19 patients from our community. Now in 2021 we are proud to help lead the vaccine efforts in our county.

Beyond the immediate needs of COVID-19 pandemic, your support allowed Valley View to continue to push the envelope of what is possible for an independent rural healthcare provider.

Last year, with the help of philanthropy, we acquired new state-of-the-art imaging equipment both for breast health and prostate care. We started a new sleep apnea program, provided nursing scholarships, and continued to offer support services for our cancer patients.

Valley View is deeply committed to providing its patients with world-class healthcare. As we continue to confront the challenges of COVID-19, your generosity helps address a variety of patient needs at Valley View. The effects of the combined support of our community will be felt by countless future patients. Thank you.

With Gratitude,

A handwritten signature in cursive script that reads "Brian Murphy".

Brian Murphy, MD, CEO

Summit Circle's Newest Members

Each year in February for over a decade, the Foundation has hosted its annual Summit Circle reception. This is a wonderful celebration of those who have made lifetime commitments of at least \$10,000 to support the work of Valley View. It is a time for philanthropists to meet hospital leadership, key physicians and old friends. It's also a darn good party.

Obviously, COVID-19 had other plans for us this year, and the reception had to be postponed. However, we would still like to take a moment to recognize the 'Class of 2020' – new Summit Circle members. We would also like to note those current Summit Circle members who have 'ascended' to the next level of giving within the Summit Circle. Finally, it's crucial to acknowledge those who have chosen to remember Valley View in their estate plans by joining our Legacy Society.

Everyone listed below has made a personal commitment to help provide superb, local, independent healthcare to their family, friends and community. Please join me in recognizing and thanking them all!

Meet the New Physicians at Valley View

As Valley View works to meet the complex medical needs of our community, we are excited to welcome new physicians.

Stephen Jones, MD

Cardiothoracic Surgeon, Heart & Vascular Center at Valley View

Stephen Jones, MD is the newest member of Valley View's Heart and Vascular Center. He began his medical career as a member of the U.S. Army, serving in a number of posts around the country during that segment of his career.

After his active military service, Dr. Jones moved on to become the Staff Cardiothoracic Surgeon with Alaska Cardiothoracic Surgery and then moved on to St. Alphonsus Regional Medical Center in Boise, Idaho, where he was the Chief of Cardiothoracic Surgery. While there, he developed the first minimally invasive Cardiac Surgery Valve

program in Idaho, perfecting surgical techniques that involve making small incisions in the right side of the chest to get to the heart. These techniques are a vast improvement on frontal, open-heart surgery, which is far more painful, and takes far longer to recover from.

Stanley Gertzbein, MD

Conservative Spinal Surgeon, Spine Center at Valley View

Dr. Gertzbein is a board-certified, internationally recognized conservative spinal surgeon, with decades of clinical experience and author of research that is still cited as the international medical standard. He has provided leadership in academia as a full professor at Baylor College of Medicine, University of Toronto, and University of Texas in Galveston. Additionally, he has lectured extensively around the country and the world.

Jeffrey Thornton, MD

Neurologist, Neurology Center at Valley View

Dr. Jeff Thornton is a board-certified neurologist and the newest team member of the Neurology Center at Valley View. He treats a broad spectrum of neurological disorders including Alzheimer's disease, epilepsy, stroke, Parkinson's disease, multiple sclerosis, migraine, neuropathy, traumatic brain injury and concussion. Dr. Thornton brings a straightforward, powerful patient care philosophy to his practice.

2020 IMPACT

Valley View Debuts New After Hours Urgent-Care Providing Convenient, High-Quality Care

In direct response to our community's feedback, Valley View is proud to announce the opening of After Hours Urgent Care. The opening of After Hours Urgent care creates a solution between primary care and the emergency room, offering convenient, urgent care within the Valley View system.

"Valley View's After Hours Urgent Care will be able to treat patients faster and more affordably, and since the location is linked to the hospital, patients will receive exceptional healthcare from Valley View's comprehensive team," shared Ben Peery, MD, Medical Director of the After Hours Urgent Care and Emergency Services and emergency department physician.

After Hours Urgent Care is located next to Valley View's Emergency Department and is open evenings and weekends for same-day, walk-in care. It treats non-emergent illnesses and injuries. If injuries turn out to be serious, Valley View's Emergency Department is conveniently only a few steps away, and patients do not have to be transported by an ambulance.

After Hours Urgent Care treats patients aged 6 months and older for the following minor health conditions: sore throat, cough, sinus pain, nasal congestion, ear pain, fever, mild allergic reaction, rash, urinary complaint, eye irritation, strains and sprains, lacerations and abrasions, toothache or dental concerns, foreign body removal. If patients don't already have a primary care doctor, the professionals at After Hours Urgent Care will try to partner them with one in the Valley View system. Valley View is trying to reduce silos in healthcare, in which the primary doctor should be the first point of contact.

For more information about After Hours Urgent Care, visit www.vvh.org/urgentcare.

COVID-19 Update

Valley View is ready to serve you with expanded safety measures. We are taking every precaution to ensure your safety as we have resumed surgeries and clinical visits. Don't delay your care.

To learn more about the latest COVID-19 vaccine distribution, testing, VirtualCare, and more visit – www.vvh.org/covid-19updates/safety

Every day, **PHILANTHROPY** plays an important role at Valley View.

Contributions large and small help bring new **TECHNOLOGY** to Valley View, enabling patients to receive important services and treatments close to home. In 2020, donations allowed Valley View to act quickly, facing the ever-changing needs brought on by COVID-19. Donations helped care for our cancer patients, funded scholarships for our nurses and furthered **COMPASSIONATE**, exceptional care for our community.

The amazing, generous people listed on the following pages have enabled the Foundation to accelerate excellence in healthcare at **VALLEY VIEW**.

People.Care.
 That's Valley View.

Thank you!

1906 Blake Avenue | Glenwood Springs, Colorado 81601

More Ways to Give!

Donate directly from your Individual Retirement Account

Increasingly, donors are seizing the opportunity to make charitable gifts directly from Individual Retirement Accounts (IRA).

If you are 70.5 years old or older, you can use this simple method to benefit Valley View and potentially receive tax benefits in return. Up to \$100,000 can be directed from your IRA to a qualified charity, such as Valley View, without having to pay income tax on that money. This popular gift option is called an IRA charitable rollover or a Qualified Charitable Distribution (QCD). This method can also be used to satisfy your Required Minimum Distribution (RMD) for the year.

To learn more about how you can make a QCD to Valley View, contact John Quinn, Foundation Development Officer at 970.384.6627.

This information is not intended as legal or tax advice.
